

MISS TANYA'S WOODLAND SCHOOL

MARCH

Happy March! We are looking forward to enjoying the snow, while also getting excited to spend some warmer days outside! Camp info is out and included below!

REMINDERS

- Please reach out to your teacher if you would like to have a mystery reader come visit your child's class! It can be a parent, grandparent, nanny, aunt, older sibling, cousin, anyone important to them!
- If your child has to start an antibiotic for any reason, they must be on the medication for 24 hours before returning to school.

UPCOMING DATES

- The 8th installment of our tuition payment plan is due March 1st.
- March 6th & 20th: K class goes to Teamworks
- March 11th: Conferences- No School 3s and 4s
- March 12th: Conferences: No School all classes
- March 13th & 14th- Visit from a local dentist and Yoga
- March 29th: Good Friday- No School

Woodland Wishes

This month we are looking for donations of children's socks.

Thank you for your donations!

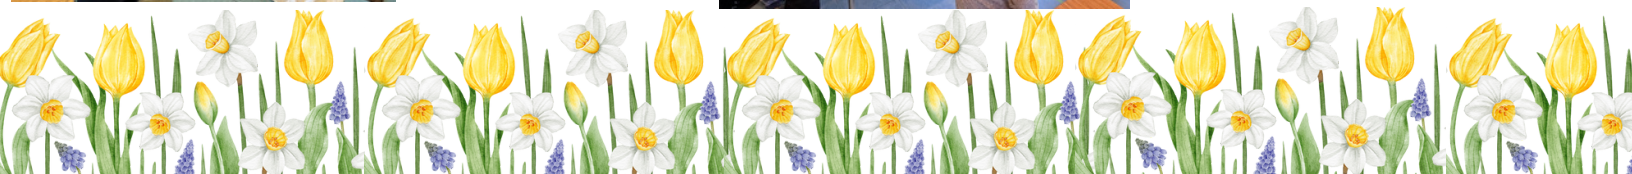

Discovery Museum Visit

This month was focused on liquids and solids. The kids were able to try making their own coolers to keep their ice cold!

Mass Wildlife Animal Tracks Visit

Miss Pam visited all classes in February to teach about animal print tracking. The kids learned to recognize different paw prints. They also got to see and touch deer antlers, turtle shells, and turkey feathers. The older classes even went outside to try and find signs of animal life in our own playground!

March Focuses:

Color: Green
Shape: Diamond
Letters: S,T,U
Numbers: 1-10

At Home Connections

What can we learn from baking?

Life Skills:

- Teamwork
- Taking turns
- Family bonding
- Dexterity- cutting with knife (when age appropriate)
- Hand-eye coordination

"Cooking with kids is not just about ingredients, recipes and cooking. It is about harnessing imagination, empowerment, and creativity."

Literacy Skills

- Reading and following directions
- Number recognition
- It gives them a whole new vocabulary, for example, words like beat, whisk, fold, one-fourth, and sift.
- Learning words like sweet, sour, tart

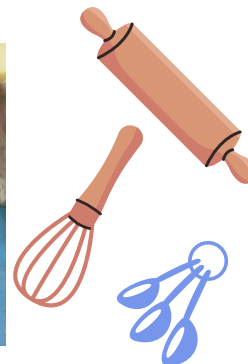

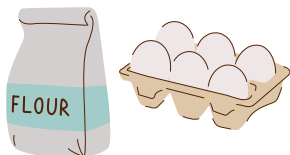

Math and Science

- Counting
- Units of measuring
- Fractions
- Temperature
- Measuring time
- Materials changing from solid to liquid and liquid to gas. For example, the melting of butter or the bubbles created when mixing.
- Chemistry: the idea that multiple ingredients, when combined together, can create something completely new.

Exploring their senses.

If you're baking bread, for example, kids can listen to the whir of a mixer, pound dough and watch it rise, smell it baking in the oven and finally taste the warm bread fresh from the oven.
